

BOARD READINESS PROGRAM

EWOB Board Readiness Program provides senior professionals tactical preparation to get on a board and create a network of advocates for each other. This program is designed for women working in the corporate sector, and entrepreneurs but also in other industries such as non-profit organisations and academia.

35 senior level women from a diverse set of backgrounds and industries are offered 5 virtual workshops spread over 3 months. These include panel discussions of best-in-class speakers providing specific and concrete advice and interactive break-out sessions. Homework requiring peer-to-peer learning is a critical element to the program.

The Board Readiness Program is a booster leaving you with a high level of self-reflection and acumen as well as a network of outstanding peers.
